Physical, Speech and Occupational Therapy for Children

Amy Mohan, MPT

A graduate of Maryville University of St. Louis, Amy Mohan earned a Masters of Physical Therapy and a Bachelors of Health Science.

Amy also has experience working with children in many different areas that include working with autistic children as an ABA therapist, teaching children aerobic classes as well as basic sports drills.

“I have worked with children ever since I was in high school. I feel that working with children is a very rewarding experience especially knowing that I am able to make a difference in each child and family’s life. To me there is nothing more rewarding than helping a child master a new skill that will help improve the child as well as the family’s quality of life. I am very grateful to have such a rewarding job.” – Amy Mohan, MPT
