

Sensory Solutions, LLC

Physical, Speech and Occupational Therapy for Children

Nicole Lanius, OT

Nicole is an occupational therapist that has been practicing for 6½ years. She graduated from Maryville University of Saint Louis in 2002. She did her internship for occupational therapy at St. Louis Children's Hospital and out-patient center.

She has worked for Sensory Solutions for 6½ years and has mainly provided home therapy services. Nicole has also worked several hours in the outpatient clinic setting at Sensory Solutions. During four years of OT school she worked as an ABA (applied behavioral analysis) therapist with young children with autism. She specializes in pediatric OT, especially children with delays in sensory integration. She has experience with a variety of diagnoses. Some of them are aspergers, autism, down syndrome, cerebral palsy, visual impairment, arthrogryposis, learning disorder, developmental delay, prematurity, ADD and ADHD, mental handicaps, low muscle tone, holoprosencephaly, ODD, OCD, DiGeorge syndrome, heart conditions, hydrocephalus, dandy walker syndrome, behavior disorders.

"I am a punctual and dependable therapist. I enjoy being a wife and mom as well as a therapist. I am step-mom to a 12 year old girl and mom to a 2 ½ year old month boy. Since becoming a mom I really understand how to treat and care for my patients like I would want my own children to be treated. I am truly blessed to love my work as well as my home." –Nicole Lanius, OT
